Big Sir's Notes

For our April meeting we will have a theme, "Getting to Know You". This will be your one opportunity this year to better know your fellow members. On the back of your meal ticket, in April, will be your assigned table number. Enjoy this format and let's all

make it successful. **Jeff Bailly** our SIR Call Editor and Web Master has been spending a lot of time and effort on behalf of Branch 146. Starting in May, **Pete Gates** will take over Editorship of the SIR Call assisted by **Jim Jackson** and trainee, **Rich Ahlf**. **Dick DeVoe** will be assisting **Jim Jackson** in the area of Membership. **Jeff** will concentrate on our Website. At the April meeting let **Jeff** know how much we appreciate the many hours he spends for our group.

The State Officers are looking for applications for 2nd Assistant Secretary, Treasurer and Assistant Treasurer. For information contact **Jim Musci**, Chairman Nominating Committee, jim-emilie@auburninternet.com. He will explain the nature of the job and the basic qualifications. Extensive training will be offered for each position. Let's have one of our own Branch 146 members step up to the plate.

Little Sir's Corner

The speaker for the April meeting will be **Tom Vacar**, Consumer Editor for KTVU/Fox 2 News. **Tom** will be talking about consumer issues for seniors. When he spoke to us several years ago he gave a very interesting presentation and his presentation this time should be equally interesting.

2nd Wednesday at 12:30 hosted by different members.

The Cribbage Club was hosted by **Al Tufo**. We were able to get in a couple of derby tournaments. With all the horses in the starting gate. The bell sounded and the gates opened. The Italian Stallion was bumped at the start by **Langley Erickson** who leaped into the lead and never looked back running wire to wire. The Italian Stallion tried to catch him in the stretch but ran out of gas and came in second. The next race was a little different. This time the I.S. kept his eye on **Langley**, and when the bell rang, bolted to the front, took advantage of the field and won going away. **Larry Reilly** ran a close second. Next month April **Larry Reilly** will host the tournaments.

Health Matters Physical and Mental

The following articles were copied with permission from the *Aviation Medical Bulletin* published by Harvey W. Watt & Co. 1-800-241-6103

These articles are not intended to provide specific medical advice. That should be obtained from your physician.

CHEST PAIN? WAIT FOR THE AMBULANCE

A January 2000 study of 2,400 adults treated for chest pain found that those who took an ambulance to the hospital (about one-third) received emergency care faster than those who used private transportation (about two-thirds) even though those who drove reached the hospital a few minutes more quickly, on average. That's because emergency medical technicians can begin treatment as soon as the ambulance arrives. If you have sudden chest pain or other signs of a possible heart attack, such as unexplained faintness or shortness of breath, call 911 immediately. Chew an aspirin, unlock the door, and sit or lie down while you wait. Drive yourself only as a last resort.

ALL CHOKED UP

Doctors recommend knowing how to do the self administered Heimlich maneuver, in case you start choking on food when no one is around to help. Make a fist and place the thumb side against your abdomen, slightly above the navel. With the other hand, grasp the fist and press it in and upward with quick, sharp thrusts.

HIGH FRUCTOSE CORN SYRUP

This sweetener produced from corn is partially responsible for rising rates of obesity and diabetes. Two recent reports in the *American Journal of Clinical Nutrition* found that high fructose corn syrup, commonly found in soft drinks and many prepared foods, now supplies nearly 10 percent of all calories consumed by Americans. In some people, particularly in children, it is closer to 20 percent. HFCS is worse than regular sugar because in large amounts it can impair blood sugar control and stimulate appetite.

SHOE INSERTS

Orthotics are inserts that you wear inside your shoes to help stabilize the foot. They can relieve discomfort from a number of foot maladies and/or by controlling possible harmful foot motion. Custom molded orthotics are made by podiatrists from an imprint of the foot. However, over-the-counter orthotics are becoming increasingly popular. Usually made of dense foam or soft rubber, these generic varieties cost from \$15 to \$25. If discomfort from walking or standing is mild to moderate, these OTC orthotics may be as effective as the more expensive (\$200 to \$300) custom-made ones.

WOMEN DIETERS: TAKE MORE CALCIUM

Women on Diets to lose weight should consume extra calcium, says the *UC Berkeley Wellness Letter*. A Rutgers University study found that postmenopausal women who are losing weight absorb less calcium from their diets. The suggested goal for dieting women over 50 is 1,800 milligrams or more per day.

A note from the Editor

In October of 2000, our previous Editor, **Don Martin** asked if I would take over the reigns of newsletter Editor. So that November, with some help from **Don**, I produced the December SIR Call. Now its fifty-five issues later and time to pass the baton. **Pete Gates** has agreed to assume the Editor's position and **Jim Jackson** will step into the newly created position of Assistant Editor for the May and ensuing issues.

I wish **Pete** and **Jim** good luck and thanks. Producing the Call for you has been a love of my life. Sure, it has been time consuming and at times daunting but always fun. Anytime one takes on a task where all eyes are critically focused on the results, its scary. I've made tons of mistakes but through it all I hope that the enjoyment that I experienced in producing the paper shone through. **Pete** and **Jim** know about the long hours that the job entails because they have substituted for me, very ably I might say, for a few months in the last couple of years.

The Group Chairmen who have contributed their time and effort in producing their columns monthly and without fail have been great. Those columns are such an important part of the Call. I thank all the contributors.

I would also like to thank **Ken Kratz** for all the photographic work he has done for us. He spends a lot of time at every luncheon foregoing the enjoyment of camaraderie and taking great pictures for us all to enjoy.

Dick DeVoe has been proof reading for the last few years and has done a superb job, even if I don't like the way he gloats every time he finds a mistake. And it happens so much! Thanks, Dick. The labeling and folding crews have also been wonderful. Finally, I would like to thank **John Lewis**. He was there every month with his folding crew, took the Calls to the post office and mailed them to you. His gentle way, kind remarks and dedication to the job will stay with me. He would do any duty, spend any time, so long as it resulted in making my job as Editor easier... Thank you, my friend.

Don Martin, and those who went before, I just don't know how you did it all by yourselves!

To all of you over the years, who have mentioned how much you appreciate the newsletter, I also offer my thanks. Those were my paychecks and because of them I consider myself a rich man.

Warren Boero has been accepted by the City of Hope for treatment of acute leukemia. **Warren** says hi to all **SIRS** and thanks you for your support and prayers.

Dick Joyce, who moved to Carmichael, CA (this is correct) has joined **SIRS Branch 14** and is bowling twice a week. He is feeling much better.

Owen Sullivan and his wife **Gloria** are still at San Miguel Convalescent Hospital. They both are doing much better and **Owen** wants the **SIRS** to know how much he misses you. He loves having visitors.

It was good to see **Charlie Kiser** at the March lunch. He had been in the hospital for irregular heart beat.

Don Del Bene is recovering from multi by-pass heart surgery. He is doing well at Summit Medical Center in Oakland. No word yet on when he will be coming home.

Christy was driving in Arizona when she saw an elderly woman walking. She stopped the car and asked the woman if she would like a ride. With a word or two of thanks, she got in the car. After resuming the journey, the elderly woman noticed a brown bag on the seat next to **Christy**. "What's in the bag?" asked the old woman.

Christy looked down at the brown bag and said, "It's a bottle of wine. Got it for my husband."
The woman was silent for a moment, and then, with the quiet wisdom of an elder, said "Good trade."
