

## MAC SPECIAL USER GROUP

Max Burchett  
Verner Laursen

Both leaders of  
The Mac Special  
User Group (Mac  
SIG) have been  
Mac Users for  
over 20 years.

The purpose of the SIG is to help and assist Mac users, whether they are new to Macs or long-time users with their iPhone, iPad, laptop or desktop Mac computers. We also cover software and hardware suggestions and their use. The only dumb questions are the questions that were not asked. The SIG meets the first Monday of the month at the Thurman Casey Library on Oak Grove Road from 12:30 until 2:30 PM unless the library is closed.

If you have a Mac question you can contact Max Burchett or Verner Laursen and they will try to help you.

From time to time the leaders may send out emails about items that were discussed at the SIG or there may be important information that becomes available. The leaders maintain a listing to send out these emails. If you cannot attend meetings or you are just interested in what's happening, please let Verner Laursen ([vlaursen@astound.net](mailto:vlaursen@astound.net)) know of your interest and you will be added to our email distribution list.
