

MEN'S DUPLICATE BRIDGE

Doug Eisner

We play duplicate bridge on the third Monday of each month at a member's home.

We play with 12 or 16 players, depending on the interest that month and the host's ability to seat 3 or 4 tables. Each player brings his lunch and \$1 ante and the host provides coffee, soft drinks, snacks, and dessert. We begin play at 10:00 am and play 12 hands before a short lunch break and 12 hands after lunch. The game ends about 1:30 pm. Scores are tallied individually and each player plays with 11 others throughout the match.
