

## Big Sir's Notes

**Dennis Hallett**

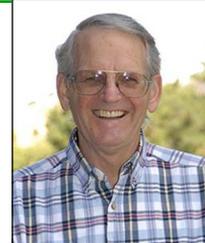

It is the time of the year we all enjoy a vacation with our loved ones. At last, the weather is being kind to us so I hope everyone has an enjoyable and memorable time. Also remember, our Branch activities are in full swing so please take advantage of the numerous activities our Branch offers.

If you have any questions regarding an activity, please call the specific Activity Chairman listed in the Directory or our Activities Coordinator **Steve Dawkins**.

We still need volunteers to join our Song Sirs. Please contact the Director **Don Tubb** as we need to keep this activity in tune and vocal.

All members are encouraged to attend the Branch Executive Committee (BEC) meeting held at 9.30 am before each monthly luncheon. It is held in the first room on your right when entering the building. On the agenda for the August meeting is a status report on the website enhancement program by **Terry Marchione**. This is a major undertaking for our Branch both in effort and expenditure. The minutes of all BEC meetings are posted on our website for your reference. Needless to say, we encourage all members to bring guests to our luncheons. This is the best way to create interest in our Branch and hopefully grow our membership numbers. Please note our August luncheon is "Random Seating" which provides the opportunity to enjoy a few laughs with members you may only occasionally meet.

Lastly, please remember our voluntary annual donation of \$25 is due. I am pleased to report 82% of our members have contributed to date. Your donations are essential to keeping our Branch healthy and viable. Our Treasurer will be publishing a chart to keep members aware of our fixed operating expenses. For those members who have yet to donate, please bring your check payable to "SIR 146" to the August luncheon and give it to **Joe Fuchs** or **Ron deGolia** or mail it to **Ron deGolia** at: 1012 Camino Verde Circle, Walnut Creek, CA 94597.

## Little Sir's Corner

**Pete Gates**

Our speaker for the August luncheon will be **Tony Schilling**. Tony is a docent for the USS Hornet Museum in Alameda. He will talk about the military history of the USS Hornet in WWII and later conflicts. The vessel also made the news as the focus of the recovery of the Apollo 11 and Apollo 12 space capsules.

## Duplicate Bridge Terry Marchione

*Our match is held each month on the Monday after the SIR luncheon at various homes. Bring your lunch*

Sir **Bill Snyder** hosted our July game with three tables of duplicate bridge. I want to give special thanks again to Sir **Jim Jackson** for filling in as Director.

We had an exceptionally close match with **Bob Yolland** taking 1st place with 31.5 points, **Fred Kovar** in 2nd with 31 points and **Jim Jackson** in 3rd with 29 points.

Our next game will be held at the home of **Rich Ahlf** on August 16th. Contact **Terry Marchione** ([terrymarchione@yahoo.com](mailto:terrymarchione@yahoo.com)) for information.

## Couples Duplicate Bridge Too Dick De Voe

The July Couples Duplicate Bridge Too event was won by **Ken and Elaine Richter** once again, on their home turf. There's got to be something powerful about playing at home, further confirmed by their unprecedented scoring in 19 of 20 hands. Most impressive.

**Lynn and Dasha Freeman** were strong competitors, only 1/2 point out of 1st place. Subs **Syd and MJ Whalen** took 3rd, albeit a full 8 points behind. The rest of the players- **Adams, DeVoes, and Pierces** felt like they'd been ridden hard and put away wet, particularly after finding that the **Whalen's** hadn't played duplicate since President Reagan was first inaugurated. Fortunately, there's always next month!

## Party Bridge Fred Bolton

*1st Monday at 10 am at various members' homes. Contact **Fred Bolton** for details. Bring a lunch*

We played three tables of bridge at the home of **Bill Snyder** on June 7.

First place went to **Jim Jackson** with 6050 points, second to **Carl Johnson** with 5630 and third to **Doug Isner** with 4790. Our next game will be at the home of **Bob Burley** on Aug 2.

## Lunch and Wine Group

**Paul Dubow**

Last month, the members of the Lunch and Wine (LAW) Group gathered in **Joe Barry's** lovely garden to discuss the problems of the world and enjoy great wine and good food. We also welcomed **Steve Dawkins** to the group. After consuming a variety of appetizers, **Joe** presented us with a series of homemade pizzas. The highlight was the pizza with morel mushrooms. **Joe** is an aficionado of the morel, purportedly the finest mushroom of all. It is in season only for about one month but the mushroom hunters start in the southern part of its range and work their way north and so there are a couple of months of hunting. Right now, morels are only found in northern Washington and Canada.

And, as is their custom, our wives dined at a local restaurant in Walnut Creek. The food was good but not as good as **Joe's** pizza.

Our next venue will be at the home of **Dick Woodman**. We are looking forward to his pulled pork sandwiches

## Couples Duplicate Bridge Lo McCarley

*Meet the 3rd Wednesday of each month starting at 7:00 pm at participants' homes. Couples play as partners.*

Eight couples had a great time playing duplicate bridge on July 21st at **Margot Somerville's** home. The group welcomed **Jill Reiner** again as **Jim Brown's** partner. **Bob and Janet Yolland** took first place with 38 points. **Jim Brown and Jill Reiner** took second (36 points), **Jim and Allison Todhunter** (33 points) placed third, and **Lo and Sue McCarley** finished in fourth place with 32 points. **Jim and Allison Todhunter** will host the next bridge party on August 18th.

## Theater Gary Schaub

### Last call for Tickets to the next SIR 146 Theatre Party

#### “The Hairy Ape”

An important drama from the 1920’s by a prize-winning playwright is the SIR 146 Theatre Party for September.

It will be presented at the Village Theatre in Danville on Thursday, September 23 at 8:00 p.m., produced by the Eugene O’Neill Foundation. Eugene O’Neill’s “The Hairy Ape” is an Expressionistic play about a steam-ship stoker who tries to make sense of the world around him. It is a powerful statement about the effects of industrialization and technology on the worker. While set in the 1920s’, “The Hairy Ape” is relevant in many ways to contemporary times.

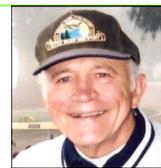

Playwright Eugene O’Neill lived at Tao House, his home in the Danville hills between 1937-1941. Here O’Neill wrote his most notable plays, including “The Iceman Cometh,” “A Long Days Journey Into Night,” and “A Moon for the Misbegotten.” Tao House is now part of the Eugene O’Neill National Historic Site, operated by the National Park Service.

Tickets for “The Hairy Ape,” in a special group rate for SIR members is \$25. Space is limited. Deadline to order is September 3. Send your check, payable to “SIR146” to Sir **Gary Schaub**, 1758 Candelero Court, Walnut Creek 94598.

If you have questions, call **Gary** at (925) 938-5454. Tickets will be distributed at the door of the Village Theatre, 233 Front Street, Danville (one block east of Hartz Avenue, near the Danville Library). Free and lot parking is available nearby.

## Garden Club Chuck Bobinecz

*1st Thursday at 9:30 am at the Walnut Creek Presbyterian Church, 1801 Lacassie Ave., in the Room 203, unless otherwise announced.*

Our August meeting will be a trip to the Ruth Bancroft Gardens at 1552 Bancroft Road.. We will meet at the garden at 8:50am on Thursday, August 5<sup>th</sup> and the tour starts at 9am. The cost for a docent one hour tour is \$7 pp or if you are a member of the garden there is no cost for the tour. Again, wives and guests are welcome.

Garden tip of the month: You don't have to tear when cutting onions. Chill them in the freezer for 15 minutes or the refrigerator for a half hour.

### MEMBER RECRUITMENT AND RETENTION JACK CALLOWAY

A warm welcome to our newest members **George Felice** sponsored by **Ray Kan** and **Robert Storkan** sponsored by **Dick Richmond**. From time-to-time members may have a non-health related problem which prompts them to consider going inactive or resigning from the Branch. Before taking that action, please talk to your sponsor or give me a call. We may be able to find a solution that will allow you to continue membership. The only requirement for membership is that you are not working full-time. Once you become a member, the only requirement is that you attend five of the ten monthly luncheons (excludes the May and December Ladies Days). This gives the needed flexibility for members who cannot attend all the luncheons. The social interaction at the luncheons and our many activities are the cornerstones of our SIR Branch. Why not share your experience by bringing a guest to the next luncheon?

## Chess Group

A chess group is now being formed. Players at all levels are welcome.

Please contact **Joe Fuchs** at [JBF@astound.net](mailto:JBF@astound.net) if you are interested.

## Poker Club #1

Frank McNamee

Poker Club #1 met on July 7th at the residence of **Bill Cammerer**. With all members in attendance.

## Poker Club #2

Al Zamolo

June's session was a bonanza for **Jim Brown**. Others of us had to be satisfied with small gains and losses.

## Poker Club #4

Chuck Bobinecz

Our next session is on July 26<sup>th</sup>. We will meet at the home of Sir **Pete Gates**.

If you wish to be a sub or are in another poker group and would like to be a sub, please let me know. We usually have one or two subs each month.

By California law, draw poker is predominately a game of skill and stud poker is not.

Yet another reason to stop smoking: Children who are frequently exposed to secondhand smoke show signs of early atherosclerosis, according to new research from Finland. Even modest exposure was associated with artery thickening, suggesting that there is no safe amount of secondhand smoke.

Vary your exercise program with "deep water running" in a pool. If done with enough intensity, this low-impact activity can maintain cardio respiratory fitness and maybe even improve it, according to studies.

Taking good care of your teeth may help protect your heart. People who have poor oral hygiene are at higher risk for heart disease than those who brush twice a day, according to a recent Scottish study.

## Cribbage

John Pearl, Interim Chair

In August, we will change the date to a Wednesday afternoon as we try to find the "sweet spot" for this fun activity (you can actually win money!). If you are interested in joining our fun group, please let me know which Wednesday afternoon would work for you. Most would be surprised at the skill required to play at a high level, as demonstrated repeatedly to me by **Barney Meade** and **Al Tufo**.

All SIRs in our area are welcome.

## Fishing Paul Dubow

4th Thursday at 8:30 am. at Diablo Creek Golf Course (Legends Grill). North Port Chicago Hwy

A rough ocean and high winds inland substantially deterred ocean fishing in late June and early July. Nevertheless, eleven of us ignored the elements and set sail on a rockfish expedition aboard the Wavy Gravy. The good news is that we caught a lot of fish. The bad news is that eight of us got sick---really sick. The only fisherpersons who avoided the scourges of mal de mer were fishmaster **Joe Miscione**, **Howard Berkman**, and **Leah Moyer**. **Leah's** dad, **Carl**, as well as **Ekkhart Keller**, **Bob Olson**, **Jack Waddell**, **Karl Droese**, **Al Brunner** and his grandson **Mike**, and **Keith Miscione** all wished that they were somewhere else at times. But, stalwart as we are, we plan another trip this month. After all, how bad can it get? On fishing outings elsewhere, there were no impairments to our health and, by and large, we caught fish. One big surprise has been Shadow Cliffs Reservoir. Normally, the trout fishing comes to a halt by the end of May. But **Carl Moyer**, **Bill Landers**, **Terry Miller**, **Pete Gates**, **Harry Sherinian**, **Mike Corker**, and **Mario Mauritorio** all made successful forays to the reservoir during June. **Gordon Linebaugh** took his grandchildren to Bucks Lake and had a grand time helping them catch trout from the shore. **Harry Sherinian** and **Carl Moyer** had their hands full in Montezuma Slough with a seven foot sturgeon. For a time, it looked like the sturgeon would pull the two anglers from the boat rather than vice versa. But the good guys won in the end and the sturgeon was boated and released. **Bill Landers** took **Stan Matsumoto** of Branch 146, **Harry Sherinian**, **Joe Miscione** and **Carl Moyer** up the windy delta in his high speed bass boat and everybody caught some. Finally, three members of Branch 146, to wit, **John Wall**, **Paul Dubow**, and **Joe Barry**, along with **Joe's** son **Greg**, sallied forth in Lake Tahoe and returned with limits of mackinaw trout from three to five pounds.

We will be very busy this summer with delta fishing for striped and black bass, crappie, bluegill, catfish, and sturgeon, plus trout fishing in various parts of the state, and party boat trips for salmon, sturgeon, halibut, and stripers. These outings will include those who rarely fish but would like to try. If you haven't been

fishing in a while or have never tried it, but might like to test drive an adventure, come join us.

Our next meeting will be Thursday, August 26, at the Legend Sports Bar and Grill at the Diablo Creek Golf Course, 4050 Port Chicago Highway, Concord. The meeting starts at 8:30 am, but breakfast is available at 8. For further information, contact **Paul Dubow** at 415-495-6504.

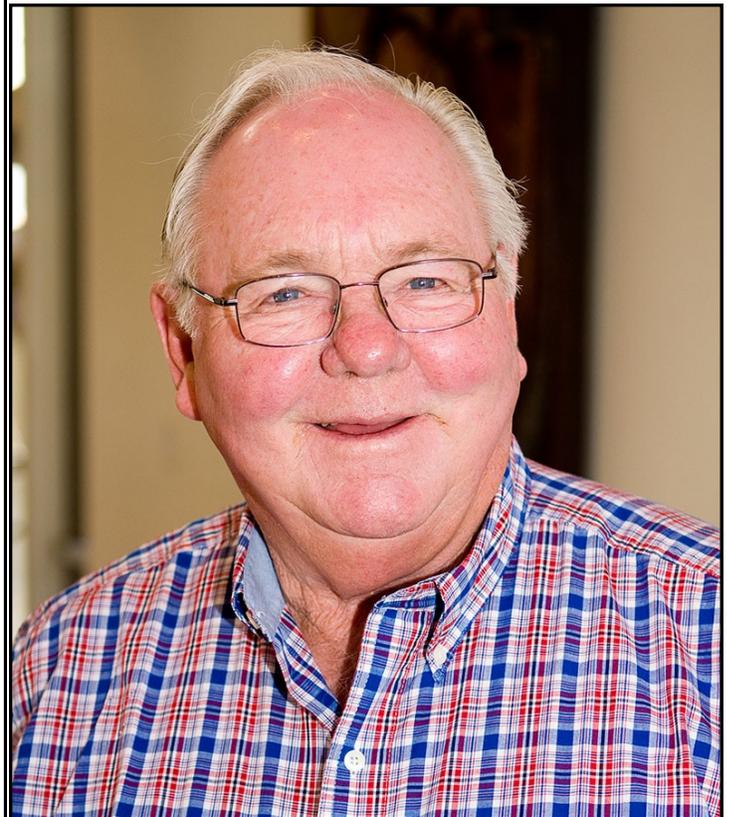

## Bocce Ball Martin Lyle

2nd and 4<sup>th</sup> Mondays at 9 am.,  
May through November, at Concord Bocce Courts in Newhall Park, Concord, near the corner of Turtle Creek and Ayers Roads

We are having good turnouts, and need more players. It's an easy game to learn, with beginners often beating the 'experienced' players.

But, **Margaret Willey**, who plays with many of the wives of Br 146 members in the Boundary Oak Women's Nine Hole group, placed in the Closest to the Pin competition.

## New Cooking Group

Gourmets, Hamburger helper makers and all those in between:

The Cooking group, having survived ten years of lunches, dinners and picnics has decided to move on and disband so that you new, younger and brave SIRS can perform and join in the fun.

We hope that you can get a group of fellas to experiment with new and exciting recipes and gourmet getogethers. Come on and sign up.

Some of the things that we have done over the years:

Cook and prepare a lunch or outings or whatever once a month.

Share the work and responsibilities with at least 6 or 8 members. Dinners out with our spouses at pre-decided intervals but at least twice yearly

We bottle and label wines yearly.

Invite guest chefs to educate our palates with new and interesting dishes.

Planned a Picnic during the summer.

Come on and sign up. You will need a group of 6 or 8.

Call a buddy and start cooking.

## Explore and Dine

John Pearl

Explore and Dine took a hiatus in June, but resumed on Thursday, July 22, with a trip to San Ramon to see the newly-refurbished and just-opened Glass House. We also toured the adjacent Forest Hill Farms Historic Park, which was a long-time agricultural site, now dedicated to **Ruth and Travis Boone**, the people who donated the site to the City of San Ramon with the stipulation it was not to be developed, but was to be kept intact to provide educational and recreational opportunities to the community. We concluded with a lunch at the Brass Door, another long-time San Ramon institution.

In August, we move our usual date up to Thursday, August 19, joining with the Travel Group headed by **Bob Spellman** and other groups in a joint program to bus to San Rafael to visit the Guide Dogs for the Blind training campus with a stop at the Marine Mammal Center.

## Area 2 \$ums In Retirement Allen Espenmiller

The Area 2 \$ums Investment Group will meet on Wednesday August 25, 8:00am at the Diablo Creek golf club on Port Chicago highway in Concord. Our speaker will be **David Munson** who will present the following: **“Every week the federal government and private economists release statistics on various facets of the U.S. economy. These releases are examined and discussed by investors resulting in positive or negative movements in stocks, fixed income, currency and commodity markets depending on how they are interpreted.”** As an investor we should all be interested in these reports and come to our own conclusions.” Questions? Which reports are more important than others? Where to find the reports? What data is more important and should be focused on in the report? And finally what do the reports tell us? Many of us remember **David’s** pre-meeting up-dates of the financial and investment markets and his ability to make sense of all the statistics. He will give us the roadmap so each of us can obtain this data in a timely manner. The restaurant at the course opens at 7:00am for those who would like to enjoy breakfast with your colleagues.
