## Big Sir's Notes

The Ladies Day Luncheon was a success with 206 attendees. The singing by 20 of the Northgate Madrigals was much appreciated. Good food...surrounded by friends ... fine entertainment. It doesn't get much better than that. **Steve Dawkins** did a fine job in managing the luncheon.

We had a nice turnout for the 20th Anniversary Branch Family Day Golf Tournament. Prizes went to **Steve Dawkins** and **Diane Yorgan** for closest to the pin on hole number 2 and to twelve other Sirs (see page 10) and their invited family members for best scores. Sunrise at Boundary Oak provided delicious hors d'oeuvres as many of our golfers joined in the après golf festivities. This Branch 146 tournament on home turf was a first for us and we look forward to having another similar tournament for our members and guests on Wednesday October 15. So mark your calendar. In the meantime many thanks to the organizers of this tournament, namely **Jim Baldrige, Jim Burk** and **Dick Richmond**.

In the past few weeks, as our warm weather arrived, the rattlesnakes have also arrived. There have been sightings at Boundary Oak Golf Course so please be careful out there and for that matter, anywhere outdoors, even in your backyard.

I'm pleased to announce that we have inaugurated the Branch 146 computer classes as a new activity. Current instructors are **Lo McCarley, Rich Ahlf** and myself. We are looking for other instructors with software knowledge. A Beginners' course is being held through the month of May in Photoshop Elements 5. Our lead instructor is **Rich Ahlf** who retired from being a graphics artist and who used PSE 5 in his work. We will be holding more classes in the fall and will announce the schedule when it is created.

It is important to the long term health and life of this branch to continue to bring in new and younger members. Think of your friends. Wouldn't they enjoy belonging to SIR? Bring in a few as guests to our luncheon and have them fill out an application. Remember in order to get the most out of this organization, one gets out of it in relation to what one puts in. Join an activity and a committee and make a contribution of your talents to the Branch.

We are in process of planning a bus trip in September to Castello di Amorsa, a winery in Napa that was built in the form of a castle. Along the way we plan to stop at the Demptos Napa Cooperage for a demonstration of how wine barrels are made.

Garden tip of the month: If you have pets, slugs and snails, try a product called "Sluggo" which is a highly-effective slug & snail bait that can be used around pets and wildlife.

## STROKE:

Remember The 1st Three Letters.... S.T.R.

### STROKE IDENTIFICATION:

A neurologist says that if he can get to a stroke victim within 3 hours he can totally reverse the effects of a stroke... totally. He said the trick was getting a stroke recognized, diagnosed, and then getting the patient medically cared for within 3 hours, which is tough.

### RECOGNIZING A STROKE

Thank God for the sense to remember the '3' steps, STR Read and Learn!  
Sometimes symptoms of a stroke are difficult to identify. Unfortunately, the lack of awareness spells disaster. The stroke victim may suffer severe brain damage when people nearby fail to recognize the symptoms of a stroke.  
Now doctors say a bystander can recognize a stroke by asking three simple questions:

**S \* Ask the individual to SMILE.**

**T \* Ask the person to TALK and SPEAK A SIMPLE SENTENCE (Coherently)**  
(i.e. It is sunny out today)

**R \* Ask him or her to RAISE BOTH ARMS.**

If he or she has trouble with any one of these tasks, call 911 immediately and describe the symptoms to the dispatcher.

### New Sign of a Stroke

Stick out Your Tongue

**NOTE: Another sign of a stroke is this: Ask the person to stick out his tongue.. If the tongue is crooked, if it goes to one side or the other, that is also an indication of a stroke.**

## Cooking

**Dave Johnson**

*1st Monday at various members' homes.*

Our president was unable to attend the May meeting and, in his absence, a vote for his impeachment failed by a single vote. A recount, set for after dessert, was not held because everyone forgot. We met at the home of **Dan Hungerford**, who performed brilliantly, once again. His appetizer of chips and a Roquefort-style dip set the stage for baked ham with scalloped potatoes, applesauce, and his special coleslaw, which included the special flavor of crushed pineapple. There were insistent demands for his secret scalloped potato recipe and, when faced with physical violence, he generously agreed to share it. The meal was accompanied by French bread. Dessert was a chocolate cheese cake, which he sold by the slice. Next month, we meet at **Don's**, with **Frank** getting in the way, as usual.

**Dave Johnson**

**Paul Dubow holds a nice 5 foot sturgeon caught while fishing with Carl Moyer in the Delta**

**Tres Gourmet  
Lew Thompson**

It was a warm breezy day so hors d'oeuvres of assorted cheeses, salamis and veggies were served on the Thompson patio. A spring salad with a light vinaigrette was followed by barbequed salmon. Accompanying the salmon was a special Cajun dish of Maque Choux (pronounced Mock Shoe) and a pecan rice pilaf. Dessert was a light strawberry pie in a baked graham cracker crust. Our next meeting is at **Bill Hansen's** home.

**Lew Thompson**

**Cribbage Al Tufo**

For the first time in a long time the Cribbage Club was able to get in three tournaments. The Italian Stallion was in great form and ran away from the field winning by four lengths. **Larry Reilly**, the Dublin Kid, ran second. The second and third races were won by **Barney Meade** who was walking and fell down and had to go to the emergency care and have some stitches put in over his left eye. We think they must have given him a shot of steroids, because he ran the best races of his life by winning the last two races. **Larry Reilly** managed to come in second in all three races. Next month is scheduled to be played at **John Pearl's** house. This will be confirmed.  
**CIAO TUFO**

**Area 2 \$ums In Retirement Dave Munson**

*4th Wednesday, 8:00am (breakfast starts at 7am) at the Diablo Creek Golf Course (Legends Grill), North Port Chicago Highway and Highway 4, Concord*

The \$ums In Retirement investment group will meet on Wednesday 25 June at the Diablo Creek Golf Course at 8:00am. Our speaker will be Mr. **Tom Kopas** of Pring Turner Capital Group in Walnut Creek. **Tom** has been a long time speaker to \$ums and many attendees eagerly await his comments on the stock and bond markets. He will speak to us this time on the outlook for the markets at this time of volatility and uncertainty.

### Cooking Too

**Don Martin**

*2nd Monday at Various members' homes*

Members of Cooking Too met at the home of **Don Martin** May 12, for a grand feast of Chicken Scalloppini with Porcini mushrooms, roasted potatoes, and fresh asparagus. Any flaws in food preparation were conditioned by palate preparation in the form of fine wines.

A hot fudge sundae topped with crushed nuts finished the meal.

## Fishing

**Sal Costanza**

*4th Thursday at 8:30 am. at Diablo Creek Golf Course (Legends Grill). North Port Chicago Hwy*

Our speaker in May was **Bill Adelman**, retired guide, who shared his knowledge of California reservoirs and lakes. Our June speaker will be **Mark Wilson**, who will share his knowledge of trolling for stripers in the Delta. We have been very busy since the last newsletter, despite big winds. Fishing for halibut in the Bay on a partyboat were **Craig Walton, Joe Peterson, Tom Boltz, Harry Sherinian, Terry Miller, Dick Thomson, Pete Gates and Carl Moyer**. The first trip was very successful, with 14 halibut and 6 stripers including a hefty 20 pound striper caught by **Terry Miller**. We had a very successful return trip to Shadow Cliffs reservoir catching over 20 feisty trout, followed by a picnic. Attending were **Harry Sherinian, Craig Walton, Joe Peterson, Jack Waddell, Joe Miscione, Carl Moyer, Tom Boltz, and John Hayes**.

Seven dauntless Sirs went north to Lake Almanor for 3 days of trout trolling. The first two days were sparse, but on the third day they landed some nice rainbows and browns. Fishing there were **Terry Miller, Craig Walton, Romano Gnusti, Tom Boltz, Karl Droese, George Schultse, and John Hayes**. **Craig Walton and Joe Peterson** fished the Sacramento River on a rare windless day for 3 stripers. **Paul Dubow** and **Carl Moyer** fished for sturgeon the same day. **Paul** caught a big 60 inch sturgeon that put up a good fight. **Karl Droese** and **Carl** fished the next day at Shadow Cliffs for quick limits of trout. **Kent Cremonini** fished with a guide in the upper Sacramento River for a lot of stripers to 26 lbs. **Joe Miscione** had a very memorable day fishing from Kona, catching a 250 lb brassy shark, many aku, and 2 mahi mahi.

We have an exciting agenda for 2008. There will be trips to the Delta for stripers and sturgeon, fly fishing for trout in various rivers, New Melones for kokanee, Lake Tahoe for mackinaw, the Bay for halibut. A fishing group day at the races, and an evening social at an Irish pub should be fun. We are planning a lot of local outings for this year that should be productive and informative for everybody.

Next meeting will be Thursday June 26th, at the Legend Sports Bar and Grill at the Diablo Creek Golf Course at 4050 Port Chicago Highway in Concord. Meeting starts at 8:30 am. For further information, please contact **Craig Walton** (Big Fish) (925-937-4876;) **Carl Moyer** (Branch 8 Coordinator) (925-685-5243) or **Joe Peterson** (Treasurer/Secretary) (916-777-5363.)

## SIR 146 Computer Classes

**Jeff Bailly**

### Photoshop Elements 6 Program

Class dates for 2008: Every Wednesday in October (1, 8, 15, 22, 29) from 9am to 11am. Place: Walnut Creek Presbyterian Church, upstairs. Please mark your calendar now. Below is a brief description of the course content... To a beginner, Photoshop Elements is a relatively complex digital photography program and learning it can be daunting. **Rich Ahlf** is now teaching only aspects of PE 6 that SIR students want to learn. He has gone from teaching the whole program to breaking it into modules that SIR students have asked him about. For example, how do you get pictures from your camera or a CD onto your computer so that you can do things to them with the Photoshop Elements 6 program? How do you send pictures via email? How do you get rid of red eye? How do you enhance the color? How about changing the background of a picture and so on? Think about the things you'd like to change on pictures you have and then bring any questions to the Photoshop Elements class. You can even email **Rich** a photo and he'll demonstrate how to change it in class. This way you can attend a class no matter how far along it is in the program and still come away having learned something valuable.

## Theatre Gary Schaub

High Octane fun awaits at "**Pump Boys and Dinettes**" the next theatre party for SIR 146, on Thursday, August 14 at the Campbell Theatre in Martinez.

The "Pump Boys" are the fine tuned filling station fellas who sell high octane on Hwy 57 in **Grand Ole Opry** country, and the "Dinettes" are the table-waiting, toetapping lovable **Cupp** sisters (**Prudie** and **Rhetta**) who run the Double Cupp Diner next door.

Together they fashion an evening of high energy songs that received unanimous raves on and off Broadway. You'll love their performances on guitars, piano, bass and, yes, kitchen utensils! This show's more fun than buying a gallon of unleaded!

Tickets for "Pump Boys" are \$19 per person. Send reservations and checks (payable to SIR 146) to Gary Schaub, **1758 Candelerio Ct, Walnut Creek 94598**, or call **938-5454** for additional info.
