Big Sir's Notes

Welcome to our newly inducted members, **Mike Isola, Keith Oleson** and **Lou Meyer**. It's great to have them with us. These guys have not joined SIR to just sit around. They give the impression that they are energized and are going to participate in activities or committees. I've met with them and expressed the hope that they may bring in some of their friends as new members to make SIR a more familiar place from the get-go. The way to start that process is to bring their friends and introduce them at a luncheon.

The BEC has approved the annual "Monterey Mashers" golfing event as a SIR Branch 146 event and has approved the spending of up to \$1,100.00 for a projector to be used by the Computer classes and at luncheons when needed by speakers. I am pleased to inform you that the Ladies Day Luncheons will be handled by **Steve Dawkins**. Thank you **Steve**.

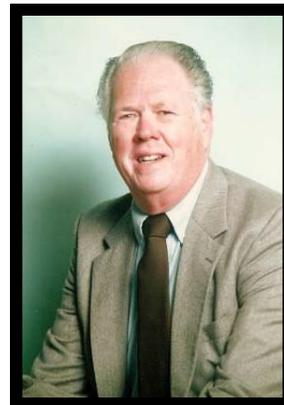

Nothing to report on the luncheon price negotiations with Sunrise other than to say we are talking to others who want us at their establishments.

A select committee of the BEC has received the 2007 audit report from Audit chairman **Rich Colombo**. Branch 146 passed with flying colors.

In the hidden talents segment you may not know that Sir **Dick Richmond** actually does have other interests besides golf and having surgery. **Dick** also has a hobby of making redwood burl clocks. He takes the raw burl, trims it down, finishes the face and cuts out an insert for the clock works, puts the numbers on the face and starts the clock. One of **Dick's** clocks graces our living room wall at our Coeur D'Alene home.

The secret's out. Have you ever noticed that the people who get the most out of SIR are those who have gotten involved either in participating in activities or committees? I'm not talking about SIR's needs now. We certainly have a huge participation in all of our activities and committees. I'm talking about you if you haven't yet decided to become involved. In the words of a past Big Sir, "If you are not a busy man, now is the time to get involved and become one". Well, it's a busy day and I've got to run now to join **Lo McCarley** in putting together the Excel spreadsheet beginners' SIR computer class starting February 21. Come join us. Email **Lo** or me to sign up.

SIR LANGLEY F. ERICKSON

Honorary Life Member

August 24, 1927 January 30, 2008

Lang passed away peacefully in the company of his family and loving wife **Katherine**.

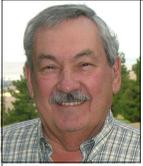

Branch 146 has lost one of its premium members. Sir **Lang** attended Sacramento High School and then on to Sacramento State College. He eventually retired from the insurance business and we were fortunate to have him join our SIR Branch 146. **Lang** was our membership chairman for many years. A job that required diligence and hard work and he did a wonderful job for nine years. He then went on to be SIR Assistant State Secretary and SIR State Secretary. He was presented the "Honorary Life Membership", the highest honor in SIR, by the State President. He attended many of our executive committee meetings and was a great help in guiding us through the intricacies of state rules. He was an avid Cal Bear fan and a staunch supporter of the "Bear Backers". He rarely missed a Cal Football game and was strong backer of the basketball program, as well as anything associated with the University athletics. A dedicated family man, he is survived by his wife **Katherine** and 4 children.

Little Sir's Corner

Second to **Carl Johnson** with 4960, third to **Jim Jackson** and fourth to **Dick Johnson**. There will be an area two party bridge tournament at Marie Calendars, Concord on March 7th. Call **Fred Bolton** for details.

Cooking **Dave Johnson**

1st Monday at various members' homes.

Our February meeting was our annual pilgrimage to San Leandro and the home of **Gino Diana**, our specialist in wine-making and Italian cuisine. He served selected varieties of salami, Italian olives, crackers and his private stock of wine during our business meeting, which was mercifully brief. After the usual complaints, off-color jokes and insults, we adjourned to a great lunch. We started with a marinated antipasto that was fantastic, followed by a tasty green salad and an excellent chicken-rice-and-cheese casserole that had to be tasted to be believed. Our dessert was an Italian rum cake, topped with almonds. Leftovers were very meager. Tutto bene! Next meeting is at **Frank Mandic's**

Table Pool **Bill Weinberg**

1st and 3rd Monday at 11:30 am.
(at Masse's 2721 N. Main, Walnut Creek)

The Table Pool Club met on Monday the 4th of February, which was the 1st Monday and had 4 tables of 8 Ball with some great pool being played. We also had some new faces which really freshens things up. Remember, 1st and 3rd Monday of every Month.

Garden Club

Chuck Bobinecz

1st Thursday at 9:30 am at the Walnut Creek Presbyterian Church, 1801 Lacassie Ave., in the Multipurpose Room, unless otherwise announced.

We have a great speaker for our March 6th regular meeting. Sir **Steve Dawkins** was scheduled to speak on horticulture. He has arranged for another speaker. **Ed Erhart** has been growing camellias since he was a kid in New Orleans. He has over 1,000 varieties and is world renown. He will talk on how to grow and propagate camellias. **Steve** will speak at our April meeting.

Garden tip of the month: Although we have had some warm days, the soil heats up slowly. A soil thermometer is the most accurate way to take your soil's temperature. Plant when the soil reaches your crops ideal temperature. My soil temperature has been around 45 degrees. Most veggies won't do any thing until the soil temperature is at least 55 degrees. To get a jump star, your best bet is to start your seeds indoors and then transplant them to a larger container and then to the garden when the soil temperature is right for your plant.
