

Big Sir's Notes Stu Somerville

Good news. We have solved some challenges we faced at the beginning of the year, notably a possible change in our meeting place and dwindling cash reserves. We will go into the second half of the year as a strong and healthy branch with more activities than there is time to enjoy

The BEC would like to take some credit for this but it is really our members, especially our Committee Chairmen who make things happen. When issues arise, there is always somebody who will step forward to take on the task. We truly are a group with more than 260 leaders.

They need to eat too. Last month two of our collection table volunteers did not get to lunch until dessert was being served. The main reason was that members were checking in late, well after lunch had begun. I am sure there were good reasons that some members were late, however to solve this problem the check-in table will close at 11:45. Late comers will need to find either **Joe Fuchs** or **Ron de Golia** in the lunch room and tell them they are there. If they are not paying with a check they will need to stay after the luncheon to pay **Ron** or **Joe** with cash. A check is much simpler.

Tanks For The Memories

The heir of a mining tycoon has amassed the country's largest private collection of tanks, self-propelled guns, armored personnel carriers and many other heavy combat vehicles. The collection, located in Marin County, may be seen on Saturdays at 10am or 12 noon by appointment. Walking tours are of 2 hrs duration, guided by docents at no cost. No snack bar or gift shop. Toilet facilities are available. No handicap facilities. If you are really interested in seeing this collection, please contact me by email. We would have to car pool and arrange our own lunch. I must have 20-25 sure participants before I can make a reservation.

Explore and Dine

John Pearl

"Explore and Dine's" April trip was to the Mountain View Cemetery in Oakland. We followed that with a great lunch at the nearby and well-known Bay Wolf restaurant.

May is shaping up with a tentative tour of the Concord police department the morning of the 28th. As usual, we'll eat at a nearby restaurant, possibly Luna.

Our April SIR luncheon speaker from the National Ignition Facility at the Lawrence Livermore Lab made such an impression that we're trying to set up a tour of this impressive (and expensive!) research facility.

Garden Club

Chuck Bobinecz

1st Thursday at 9:30 am at the Walnut Creek Presbyterian Church, 1801 Lacassie Ave., in the Multipurpose Room, unless otherwise announced.

The April/May meeting of the garden club is the Napa Iris Gardens bus trip with wine tasting stops on Friday, May 1st. We meet at 9:00am. at the Shadelands Park and Ride on Mitchell Drive in Walnut Creek and will return about 4:30 or 5:00pm. This is a BYOL (bring your own lunch) affair since we won't be stopping at any place with food service. If you have any questions, give **Rich Hanford** a call at 933-9237.

Cribbage

Al Tufo

Cribbage was hosted by **Barney Meade**. We were able to get in two good derby race tournaments. In the first race Chef **Barney** and the Italian Stallion raced down to the finish line neck and neck. Chef **Barney** won in a photo finish. To make matters worse he laughed and giggled all the way to the winner circle. Now this really p@#%\$d off the I.S. So in the next race, the Italian Stallion bumped **Barney** coming out of the gate, then after making the turn to the home stretch he forced Chef **Barney** wide to the outside, preventing him from winning. While all this was going on **Dan Meckfessel** took advantage and snuck in on the rail and won the race. It goes to show it's not nice to laugh at the Italian Stallion. Cribbage will be hosted by **Larry Reilly** next month in May. Ciao **Tufo**

Lunch and Wine Group (LAW Group) Dick Woodman

The Lunch and Wine Group had a very successful gathering on April 15th at **Dick Woodman's** home. The next meeting is at **Paul Dubow's** home in SF on May 20th.

Bowling

Larry Mitchell

The annual **Dave Valladao Bowling Tournament**, hosted by Branch 146 with yours truly as director, was held at Diablo Lanes on March 16th, 18th, and 19th. Participation was down somewhat from last year, but we still had a good group of over 150. About 80 of the participant bowlers won a portion of the \$3,000 in prize money, with some winning in multiple events. Sadly none of the bowlers in Branch 146 were in the money.

One tournament is scheduled for May to be held at the Knotty Pine Lanes in Pollock Pines. It will be a singles and mixed doubles event on the 6th and 8th of May. If you are interested please call me.

Cooking

Dave Johnson

1st Monday at various members' homes.

In April, we met at the home of **Frank Mandic**, our token Croatian. **Hungerford, Spellman** and **Diana** were annoying people elsewhere, so we were able to accomplish quite a bit. The pre-game warm-up time was its usual success and no insulting behavior was reported. **Frank** and **Don** spent most of that time, in the kitchen, mumbling to each other but **Frank** really dazzled us with his meal! His spring salad had an outstanding dressing that was mellow and far from being the usual vinegar and oil. Then came dinner--can't call it a lunch! Baked ham, braised carrots, decorative baby new potatoes and peas topped with a toasted mixture of parmesan, wafer crumbs and butter. Did he stop there? Nope! He finished us off with coffee and his luscious and moist homemade cheesecake, which was really super. Next month, we meet at the home of past big stir, **Don Nunn**.

This is probably a once in a lifetime experience. **Ken Kratz** continues to be the biggest winner each month. **Ron Binder** will host our April 20th session (note date change)

On May 21st, **Gene Barlow** will present a live "Webinar" on the topic of "Backing Up Your Hard Drive" using Acronis True Image Home 2009. The Webinar will provide you with an active view of his presentation, you will see his software products demonstrated live and you can ask questions, receiving live answers. **Gene** represents Acronis

Software and runs their user group program. He has been a presenter to the user group community for the past 25 years. **Phil Goff** is a user of this product and will keep **Gene** honest! This presentation will not be posted on our website, but to learn more go to www.ugr.com, **Gene's** web site, for more information.

A drive imaging program like Acronis True Image Home 2009 is a software utility that creates a backup image of your computer's hard drive, most commonly your system drive, but it works equally well for imaging data files. Imaging programs differ from simple data backup programs in that they can backup the Windows operating system itself and all the application programs. You can use the backup image to recover from system failures, spyware infections, viruses, installations gone wrong or any of the dozens of other things that can seriously mess up your PC.

Restoring from an image only takes a few minutes, while a full Windows re-install can take many hours or even days when you take into account re-installing application programs. That's why some experts recommend the system drive of every PC should be imaged regularly using a reliable imaging program.

Lake Comanche Fishing Trip

Paul Dubow, Romano Gnusti, Karl Droese and Carl Moyer

Fishing Paul Dubow

4th Thursday at 8:30 am. at Diablo Creek Golf Course (Legends Grill). North Port Chicago Hwy

Once again, the weather kept most of the group away from the fish. Wind and rain were downright mean to us. For example, **Carl Moyer** and **Terry Miller** braved the elements from Berkeley Marina and managed to catch three halibut in the first hour with the thoughts of a big day, when the deluge enveloped them. They bore a striking resemblance to drowned rats when reaching shore. But the halibut was delicious. **Joe Peterson** and **Lloyd West** enjoyed a nicer day on the Sacramento River catching three keeper stripers and releasing a big sturgeon. **Carl Moyer, Karl Droese, Romano Giusti** and **Paul Dubow** decided to try Lake Comanche for the first time, fishing for trout. The weather was fine but the fishing was not. The other anglers sneered at **Paul** for using purple power bait but he had the last laugh, catching the only trout among the four members of the group. **Sal Costanza** of Branch 146 fished with his granddaughter from the marina at Martinez, ostensibly for stripers and sturgeon, only to find her enthralled with her catch of a starry flounder. **Paul Dubow**, fishing twice with **Carl Moyer** on the Sacramento River, caught a five pound striper and then on the next outing, landed a 57 inch sturgeon which he released. But **Howard Berkman** landed a bigger sturgeon, picking up a 59 incher on another trip with **Carl**. The fish leaped high in the air several times, once close enough to get **Carl** wet. **Howard** rewarded the fish for its effort by releasing it. **Don Mittelstadt** fought the wind in his float tube, fly fishing at Salt Springs and caught two very big largemouth bass. On another adventure to three different lakes in the Burney area, **Don** landed some nice trout between gusts.

We will be very busy in the future with trout fishing in the eastern Sierra; tuna and billfish in Mexico; a long range ocean foray from San Diego; delta fishing for striped bass and sturgeon; trout fishing in our local lakes; and several party boat trips for halibut and rockfish.

Our next meeting will be on Thursday, May 28. If you haven't fished for awhile or if you want to try it for the first time, come to the meeting and we will set you up for a fishing adventure. Call **Paul Dubow** at (415) 495-6504 if you are interested.

Away Golf Jim Baldrige

Again, many thanks for the great sign up for our Silverado Country Club Invitational Golf Tournament in Napa. We have a full field of 144 Sirs and guests. Hopefully, the weather will cooperate with a nice spring day for Monday April 27. In the unlikely event of bad weather and rescheduling, I will try to make the decision with the course and contact players early enough to avoid an unnecessary trip. Results will be published at Tuesday Golf and in our next SIR Call. Remember that we can take cancellations or substitutions up to the day of play and still refund fees. Silverado is one of the few courses that allow SIR that option. Since this is a 12 noon shotgun start, I recommend you get there by 11am or earlier if you would like to have breakfast at the new Clubhouse.

April 27 is also the first day of the SIR State event in Las Vegas. **Ron Plachy**, our Golf Chairman, is one of the Br 146 golfers who will compete there. We will check with **Ron** when he returns to get results. Check your calendar for the following events: **Ron Plachy** has details. Annual Monterey Mashers Golf Tournament

The 29th Annual Monterey Mashers Golf Tournament March 25-28 was held in Monterey and the Carmel Valley. This year was the first time that it was held as a SIR activity, although for the past 9 years Br.146 members and guests have comprised essentially 100% of the group. This year 33 couples braved the stunningly beautiful weather with two days of golfing at Rancho Canada and Laguna Seca. Several couples also played Pacific Grove Golf Course on arrival day, soaking up the gorgeous views of ocean waves spraying high into the air on several holes. We had the traditional "heavy hors d'oeuvres and dessert" party the 2nd night at the Monterey Inn, followed by the traditional banquet the next evening.

Here are some of our participants with bragging rights. The men's group winners were **Walt Busenius** (1st), **Dan O'Sullivan** (2nd), **Ken Richter** (3rd- losing the tie-breaker), **Jim Stedman** (4th), **John Harrington** (5th), and **Bob Yolland** (6th-

losing the tie-breaker). The ladies' winners were **Jean Harrington** (1st, by a huge margin!), **Barbara Lundblade** (2nd), **Christy DeVoe** (3rd, losing the tie-breaker), **Carla Thompson** (4th), **Janet Yolland** (5th, losing the tie-breaker), and **Gwenn Boero** (6th). **Jean Harrington** also won the coveted annual **Warren Boero** Memorial Putter award with fewest putts for the ladies.

The absolutely longest hit of any SIR tournament anywhere was made by **Steve Dawkins**. The golf ball went over 500 yards, and on his 2nd shot! That ball traveled about 200 yards one direction, and then at least 300 yards the other direction. Yup- it caught the Hole #1 cart path and meandered all the way down the hill past the #1 green...

Next year the Mashers event will be held Sunday, March 28-Wednesday, March 31 to take advantage of lower golf rates early in the week. **Low Thompson** will be our 2010 chairman. See you then!
